

Winter Season 2017-2018

Our thirty-fifth winter season begins on December 15, 2017 and runs through March 15, 2018.

Yellowstone Expeditions snowcoach excursions depart from West Yellowstone daily at 9 AM and return around 5 PM. We offer small group size tours with personal attention to all of our guests. We definitely do not believe that bigger is better, you won't find 30 passenger buses here. Additionally, we have some of the quietest and most fuel efficient snowcoaches in the Park.

Full Day Snowcoach Tours

Old Faithful Daytrip	Adults-	\$110
	Children-	\$100
	One-way Shuttle	\$105

Snowcoach Tours in Yellowstone Park

Yellowstone Expeditions

Yellowstone National Park Winter Tours

In the winter Yellowstone is an enchanted land of frozen waterfalls, steaming geysers and abundant wildlife. Aboard one of Yellowstone Expeditions heated, enclosed snowcoaches, this land becomes yours to explore. Around each corner a new surprise may await, a bison or elk, scraping through the snow for winter fodder, an otter tobogganing down the banks of the Yellowstone River, a coyote "mousing" in a snow covered meadow, or perhaps an eagle circling far overhead. This remarkable land awaits your discovery, and there is no better way to experience the wonder of Yellowstone in winter than with Yellowstone Expeditions.

What We Offer:

Yellowstone Expeditions has offered naturalist guided snowcoach, XC ski and snowshoe excursions in Yellowstone since 1983. We offer several different destinations and options each day throughout the winter.

Old Faithful Day Trip: A visit to the world's most famous geyser begins with wildlife viewing along the Madison River. Trumpeter swans, bald eagles, elk, bison, and coyotes are common sights. From Madison Junction we travel along the Firehole River, through the Lower, Midway, and Upper Geyser Basins to the Old Faithful Area. After lunch and a viewing of one of Old Faithful's spectacular eruptions we return to West Yellowstone, stopping along the way to visit the colorful Fountain Paint Pots hot springs area. Options include a Skier/ Snowshoer drop off from Biscuit Basin for a 2 ½ mile ski to Old Faithful geyser.

Grand Canyon Day Trip: We view wildlife along the Madison River on our journey to the Grand Canyon of the Yellowstone. Along the way we see the frozen Gibbon Falls and the thermally active Norris Geyser Basin. After lunch, we will tour the Grand Canyon of the Yellowstone River including the Upper and Lower Falls, whose beauty helped convince Congress to create the world's first national park in 1872.

Private Tour: Charter our 10-passenger snowcoach with our driver-tour guide for your family or group for a private tour. You can customize departure times and activities on a charter.

One-way Shuttles to Old Faithful: We can drop you off or pick you up for a one-way shuttle to or from the Snowlodge at Old Faithful if you have a room booked.
